

**Perfect for interior wayfinding, branding or recognition,** Gemini makes consistent laser engraving substrates. They come in three thicknesses, and several finishes that model real wood, marble and metallic surfaces. When precision engraving is important to your next project, count on Duets.

Only the highest quality product leaves our plant. We manufacture Duets in our state-of-the-art cleanroom facility located in Cannon Falls, Minnesota allowing us to offer you a better product:

- Dust-free materials
- Tightly-controlled color and finish uniformity
- Consistently the flattest material

We stand behind everything that leaves our plant. And while it's our name on the materials, we know it's your name on the final product. That's a responsibility we don't take lightly.
