

Designed especially for the durability demands of high-touch environments, the lightly textured finish of Duets® Textures is engineered to resist the appearance of fingerprints, offer detailed engraving and extreme durability. Ideal for public spaces, high-traffic retail and industrial environments, Duets Textures is the perfect material for rugged outdoor or indoor signage and tagging applications.

Only the highest quality product leaves our plant. We manufacture Duets in our state-of-the-art cleanroom facility located in Cannon Falls, Minnesota allowing us to offer you a better product:

- Dust-free materials
- Tightly-controlled color and finish uniformity
- Consistently the flattest material

We stand behind everything that leaves our plant. And while it's our name on the materials, we know it's your name on the final product. That's a responsibility we don't take lightly.

COLORS

NOTE: Colors portrayed and/or color formulas expressed herein are for reference only. Duets materials are tightly controlled for color consistency during manufacturing, but the colors in printed, electronic or online representations may vary from actual material colors. We recommend requesting a free color chip or referring to the Duets color swatch binder to validate material colors.
