

A beautiful touch in the toughest of environments. Duets Ultimates is a co-extruded impact modified acrylic which is UV stable and suitable for interior and exterior applications. The heavy-duty top layer offers increased abrasion resistance and damage protection making Duets Ultimates the material of choice for harsh environments.

Only the highest quality product leaves our plant. We manufacture Duets in our state-of-the-art cleanroom facility located in Cannon Falls, Minnesota allowing us to offer you a better product:

- Dust-free materials
- Tightly-controlled color and finish uniformity
- Consistently the flattest material

We stand behind everything that leaves our plant. And while it's our name on the materials, we know it's your name on the final product. That's a responsibility we don't take lightly.

COLORS

NOTE: Colors portrayed and/or color formulas expressed herein are for reference only. Duets materials are tightly controlled for color consistency during manufacturing, but the colors in printed, electronic or online representations may vary from actual material colors. We recommend requesting a free color chip or referring to the Duets color swatch binder to validate material colors.
