

With its clear, matte-finish top layer, Duets Ultimates™ Reverse is the UV stable reverse engraving material for smooth-finish, non-glare signage, ADA and labeling solutions that stand up to punishment of any environment. Expand the applications for your signage with the added value of multi-color paint fills or backlighting effects. Base colors correspond with our Duets Ultimates substrate for a complete solution.

Only the highest quality product leaves our plant. We manufacture Duets in our state-of-the-art cleanroom facility located in Cannon Falls, Minnesota allowing us to offer you a better product:

- Dust-free materials
- Tightly-controlled color and finish uniformity
- Consistently the flattest material

We stand behind everything that leaves our plant. And while it's our name on the materials, we know it's your name on the final product. That's a responsibility we don't take lightly.
